The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Grothaus 4,558,788. Note vertical post 102; supporting member 110 for an eyeglass frame and further having two glass retaining portions 126 and connected to vertical post. Note also pins 120 (See figure 3) and pin holder 116.

Claims 3-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Benaksas 4,724,966; Tegel 4,805,781; 6,182,840; Chen 6,364,124.
